About the Author

Roger Mendoza lives in the outskirts of his birth town of San Antonio Texas. Retired now, he worked as a Software Engineer in the aerospace industry for thirty-six years. Roger has always had an interest in understanding the philosophy of life - why people act the way they do, why some people choose a life of crime while others choose a lighter path, and how we all fit into the grander scheme of life itself. He has a fascination for unusual phenomena – the most being the drama of life itself. It still amazes him why so much drama fills the life of his friends and family. Perhaps the drama itself sparks the imagination and brings his characters to life.
